Making Decisions Alliance

Case study

It is really helpful for the Making Decisions Alliance to be able to demonstrate the day to day challenges faced by people who have difficulties in communicating decisions, or by people caring for adults who cannot make decisions for themselves.

This form is to help you tell us about the experiences you have so that we can show how legislation would be helpful for everyone. **Any information you give will be treated as confidential and WILL only be used anonymously.** Please note that the Alliance cannot take up individual cases. If you want information or advice, please contact a solicitor or Citizen's Advice Bureau.

1. What happened to you/the person you care for? Can you tell us how these issues affected you? This could be about healthcare, financial or care issues. *(Please continue on a separate sheet if necessary.)*

2. Can we contact you about the information you've told us? (please tick the box)
